Launch Playbook

A 60-day, step-by-step marketing plan for "The 15-Minute Agent"

INTERNAL PLANNING DOCUMENT — NOT FOR SALE OR DISTRIBUTION

Contents

The Strategy in One Page 3

Before You Start: Setup (Days 1–7) 3

Phase 1: Build Attention (Days 8–21) 5

Phase 2: Warm Up and Prove It (Days 22–35) 6

Phase 3: Launch Week (Days 36–42) 7

Phase 4: Expand Reach (Days 43–60) 8

What to Track Every Week (10 minutes, Fridays) 9

Compliance Checklist (don't skip) 9

Your Day-by-Day Cheat Sheet 10

> **Read this first.** No plan guarantees sales. Treat the numbers below as *your own targets to test*, not predictions. The goal of the first 60 days is to learn what resonates, collect proof, and build an audience you own (an email list), then repeat what works.

The Strategy in One Page

Who you're selling to: working residential agents (1–10 years in) who are curious about AI but short on time.

Your edge: you are a real real-estate team. Agents trust peers who do the work. Lead with *"built by a working team, for working agents"* and show the workflows in real use. (Only say this if it is true for you.)

The funnel:

1. **Attention:** short, useful posts and videos that show one workflow working.
2. **Free hook:** a free mini-guide (3 prompts + the SOUL-file idea) in exchange for an email.
3. **Email nurture:** 5 emails over 10 days that teach, then offer the full guide.
4. **Offer:** the guide, a launch price, and a clear guarantee.
5. **Referrals:** ask every buyer for a review and a share; pay affiliates a commission.

Why a free mini-guide: cold buyers rarely buy a $20–$30 digital product from a stranger the first time they see it. An email list lets you reach them again for free.

Before You Start: Setup (Days 1–7)

Day 1: Decide your offer and price

- [ ] Main product: *The 15-Minute Agent* PDF. Suggested launch price **$19–$29** (comparable agent-AI guides we found were about $14–$20).
- [ ] Optional upsell later: a team/office license (e.g., 5 seats) at a higher price.
- [ ] Choose a guarantee (e.g., 7-day refund). Decide it now and put it on the sales page.

Day 2: Set up payment and delivery

- [ ] Create a **Gumroad** or **Stan Store** account (see *Sales, Payment & Delivery*). Connect payouts.
- [ ] Upload the PDF, add the sales copy and the delivery email.
- [ ] Do a test purchase with a discount code to confirm the file arrives.

Day 3: Build the email list tool

- [ ] Use the email feature in Stan/Gumroad, or a free email tool (e.g., MailerLite, Beehiiv, or Kit). Check each tool's free-tier limits first.
- [ ] Create a signup form for the free mini-guide.
- [ ] Add a visible unsubscribe link and your business mailing address (required by CAN-SPAM).

Day 4: Create the free mini-guide (lead magnet)

- [ ] 3–4 pages: *"3 AI Prompts Every Agent Can Use Tomorrow"* (Morning Briefing, Listing Launch, Speed-to-Lead) plus the SOUL-file idea.
- [ ] Brand it with the Team Smith Homes logo. Link to the full guide on the last page.
- [ ] *Do not* reuse text from other creators' free PDFs. Use your own prompts from the guide.

Day 5: Build one landing page

- [ ] One page, one action: enter your email, get the mini-guide.
- [ ] Headline idea: **"Get your evenings back: 3 AI prompts for busy agents."**
- [ ] Put the same link in every bio and post.

Day 6: Set up your social profiles

- [ ] Pick **two** platforms to start (recommended: **Instagram + LinkedIn**, plus a **Facebook** presence for agent groups). Don't spread thin.
- [ ] Bio formula: *Who you help + result + link.* Example: **"Helping Realtors save 10+ hrs a week with AI. Free prompts ↓"** (Only claim hours you can back up. Use your own tracked numbers.)
- [ ] Use the Team Smith Homes logo as the profile image.

Day 7: Create proof

- [ ] Record yourself using 2–3 workflows on a real (non-confidential) task. Screen-record with your phone.
- [ ] Time yourself: "before vs. after" is your strongest content.

- [ ] Collect 5–10 beta readers (agents you know) to try the guide free in exchange for honest feedback and a testimonial. **Only publish testimonials people actually gave you, with permission.**

Phase 1: Build Attention (Days 8–21)

Daily time: 30–45 minutes. Goal: 10–14 pieces of content and your first 100 email signups.

Posting rhythm

Day	Format	Topic
Mon	Short video (30–60 s)	One workflow demo
Tue	Carousel (5–7 slides)	A prompt + the result
Wed	Short video	A mistake to avoid with AI
Thu	Text post / story	Fair Housing + AI guardrail
Fri	Short video	Before vs. after, with time saved
Weekend	Optional	Behind the scenes, Q&A

12 content ideas (use your guide)

1. "I wrote this listing in 10 minutes. Here's the prompt."
2. "Stop writing 'nestled.' Use this instead." (Show the banned-words rule.)
3. "How I text a new lead in under 60 seconds."
4. "The 20-minute setup that makes AI sound like *you*." (SOUL file)
5. "AI mistakes that could cost you your license." (Fair Housing/verification)
6. "My morning briefing prompt." (Screen recording)
7. "How to stop re-explaining yourself to AI every time." (Claude Project)
8. "Never miss a closing deadline: AI timeline tracker." (Verify dates!)
9. "5 sphere texts in 5 minutes."
10. "Renting AI vs. owning it." (Chapter 4)
11. "What I'd do in my first 30 days with AI if I were new."
12. "Free: 3 prompts you can paste today. Link in bio."

Every post ends with one call to action. Either "comment WORKFLOW and I'll send it" or "free prompts, link in bio."

Use AI to make this faster

Draft captions, scripts, and carousels with Claude (this is exactly what your guide teaches). For graphics, Canva works well with your logo; the video tools connected to this workspace can help with short clips. Always review before posting.

Where to be active (carefully)

- [ ] **Facebook groups for agents:** join 5–10. Spend 2 weeks *helping* (answer questions, share tips) before mentioning your guide. Read each group's rules; many ban promotion or allow it only on certain days.
- [ ] **LinkedIn:** post 3x/week and connect with agents, brokers, and team leaders in your market and nearby.
- [ ] **Reddit (e.g., real estate communities):** read each community's self-promotion rules first. Share value, not links.
- [ ] **Local association/brokerage events:** offer to give a 15-minute "AI for agents" talk. Be a guest, not a pitchman.

Phase 2: Warm Up and Prove It (Days 22–35)

Goal: 3–5 testimonials, 200+ email subscribers (illustrative target), and a tested sales page.

- [ ] Send the beta readers a short feedback form. Ask: *What saved you the most time? What was confusing?*
- [ ] Improve the guide from what you learn. Fix confusing sections.
- [ ] Ask permission to quote feedback. Use their name/initials only if they agree.
- [ ] Post **2 case-study posts**: "Agent X cut her listing-copy time from 90 to 15 minutes" (only with real, permitted results).
- [ ] Start the **5-email nurture sequence** (below) to everyone on your list.
- [ ] Reach out to **10 potential partners** (see Partnerships).

5-email nurture sequence (write with the prompt coach)

#	Timing	Goal	Topic
1	Immediately	Deliver	Mini-guide + "reply with your biggest time sink"
2	Day 2	Teach	Listing Launch walkthrough (full prompt)
3	Day 4	Story	The real reason AI output feels generic, and the fix (SOUL file)
4	Day 7	Proof	A testimonial or your own before/after
5	Day 10	Offer	Introduce the full guide, price, guarantee, deadline

Rules for email: real "from" name, honest subject lines, unsubscribe link, and only email people who opted in.

Phase 3: Launch Week (Days 36–42)

Goal: concentrate attention for one week. Launch with a **limited-time launch price** (for example, 7 days). Only use a deadline you will actually keep.

Day	Action
36	**Teaser:** "Something's coming Friday." Post + email the list.
37	**Problem day:** content about the admin drain. Mention the guide exists.
38	**Demo day:** live or recorded demo of 2 workflows.
39	**Proof day:** testimonials and before/after results.
40	**LAUNCH:** email the list, post everywhere, update bios. Offer the launch price.
41	**FAQ day:** answer objections: "Is this Fair Housing-safe?" "Do I need a paid AI plan?" "What if I'm not techy?"
42	**Last-call:** email + post: price goes up tonight.

Launch checklist - [ ] Sales page loads on phone, checkout works, delivery email arrives. - [ ] Refund policy visible. - [ ] Support email monitored daily. - [ ] Reply to every comment and DM within 24 hours during launch week.

Phase 4: Expand Reach (Days 43–60)

Goal: reach new audiences without needing to post every day.

1) Affiliate / referral program

- [ ] Enable affiliates in Gumroad or Stan (check each platform's current affiliate settings and fees).
- [ ] Offer **30–40%** commission (a common range; your call).
- [ ] Recruit agent coaches, real estate YouTubers, newsletter writers, and team leaders. Give them a swipe file: 3 posts, 1 email, and the logo.
- [ ] **Disclosure:** affiliates must clearly disclose their relationship (FTC rules). Put that in your affiliate instructions.

2) Partnerships

- [ ] Offer free copies to **10 relevant podcasters / newsletter owners / brokerage trainers** for honest reviews.
- [ ] Pitch guest spots: "How agents can use AI without hurting Fair Housing compliance."
- [ ] Offer **brokerage/team licenses** (e.g., a 5- or 10-seat price).

3) Paid ads (optional, small test)

- [ ] Only after you have testimonials and a working funnel.
- [ ] Start with **$5–$10/day** for 7 days to *learn*, not to profit. Target agents (Facebook/Instagram interests: real estate agent, Realtor, brokerage names).
- [ ] Send traffic to the **free mini-guide** page first, not straight to the sale.
- [ ] Stop any ad that has spent about 2x your product price with no signups or sales.
- [ ] Follow each platform's ad rules and avoid income claims.

4) Content that keeps working

- [ ] Turn your best posts into a **YouTube Short / Reel / TikTok** version.
- [ ] Turn each guide chapter into 3 posts. That's 20+ posts from one product.

- [ ] Add the guide link to your email signature and your Team Smith Homes website.

5) Reviews and referrals

- [ ] Email every buyer 7 days after purchase: "What was your biggest win? May I quote you?"
- [ ] Add a "share this with an agent friend" line to the delivery email.

What to Track Every Week (10 minutes, Fridays)

Metric	Why it matters	Your target (set your own)
New email subscribers	Audience you own	____ / week
Landing page conversion	Is the hook working?	____ %
Email open / click rates	Are subject lines/offers good?	____ %
Sales	The real answer	____ / week
Refund requests	Is the guide delivering?	____
Top 3 posts	Do more of what works	List them

Weekly question: *What one thing will I double down on, and what one thing will I stop?*

Compliance Checklist (don't skip)

- [ ] **No income or result guarantees.** Only share results you can document.
- [ ] **Testimonials:** real, permitted, and not edited to mislead.
- [ ] **Affiliate/partner disclosures** (FTC).
- [ ] **Email:** opt-in only, unsubscribe link, physical address (CAN-SPAM).
- [ ] **Third-party content:** get permission before reusing or reselling anyone else's prompts or materials (Lighthaus, Soulprint, Residual Agent).
- [ ] **Brokerage rules:** confirm your own brokerage allows outside business promotion and use of its branding. Use only the Team Smith Homes brand unless approved otherwise.
- [ ] **Fair Housing** in all examples, ads, and screenshots.

- [ ] **Privacy:** never show real client data in demos.
- [ ] Not legal advice. If unsure, ask your broker or an attorney.

Your Day-by-Day Cheat Sheet

Days	Focus	Time/day
1–7	Setup: payment, email tool, mini-guide, landing page, profiles, proof	1–2 hrs
8–21	Post daily, join groups, build the list	30–45 min
22–35	Beta feedback, testimonials, email nurture, partner outreach	45 min
36–42	Launch week	1–2 hrs
43–60	Affiliates, partnerships, optional ads, repurpose content	45 min
Day 60	**Review:** keep what worked, cut what didn't, plan the next 60 days	2 hrs

After day 60: if it's working, add a second product (e.g., a transaction-assistant template pack or a team training session) and sell to the list you built.
